ZEBRAFISHCAVIAR

A supporto del tuo stile di vita

ROYAL CELLS LOTION: Regenerating and restructuring lotion for sensitive, irritated, seborrheic scalp with a tendency to desquamation with **ZEBRAFISHCAVIAR™** o Roe Extract, Ginkgo Biloba extract and plant extracts.
It is an anti-hair loss treatment, indicated in cases of progressive fall and thinning. The action of the actives revitalizes the hair root, strengthening the hairs and counteracting their fall.

ZEBRAFISHCAVIAR™: Also called Roe Extract, it is an innovative natural extract of protein factors derived from Zebrafish eggs, obtained with controlled extraction procedures to maintain all the characteristics of purity, efficacy and safety. Several international studies have highlighted peculiar and unique properties f rebalancing of the skin's natural regenerative processes, even in situations of sensitive, hyperkeratotic, flaking or dry skin. The constant use of Royal Cells Lotion helps to regenerate, restore hydration and elasticity to the scalp, even in the reddest and most sensitive areas.
